— B. N. Holt Photo with Star Camera

These men will guide the Bobcats this year, left to right: Coaches Leon Reeder, Joe Hart, Freddie Glaze and Joe Austin. They were the guests at Friday's Rotary luncheon.

Coach Freddie Glaze gets a "crying towel" from Ray Lawrence.

Ray Lawrence presented Coaches Freddie Glaze, Joe Hart, Joe Austin, and Leon Reeder last Friday at the Rotary Club weekly luncheon, and they gave the group a run-down on what to look for on the Bobcat football team this coming season. The names of the players with their weight were given, and the team's weaknesses and strengths were both pointed out. Ray Lawrence had presented Coach Glaze a "crying towel" when he introduced him in case the coach needed it.

President Paul Klipsch presided over the meeting and welcomed visiting Rotarians Ed McFaddin, Little Rock; Elmer Harris, Stamps; John Hankins and Jim Morris, Texarkana; and other guests, Grady Cathy, Richard Keyton, Jack Gardner, and Mike Kelly.

## School Suit Is Set Thursday

LITTLE ROCK (AP)—A hearing on a desegregation suit against the Crawfordville School District has been set for Thursday in U.S. District Court at Little Rock.

The suit was filed by the Justice Department under the Civil Rights Act of 1964. The department charged that the district was operating segregated schools and no attempt was being made to correct the situation.

The district said it was operating under the freedom-of-choice plan and that Negroes had chosen the all-Negro school.

## Humphrey Says Kennedy to Be a Help

By JACK BELL  
WASHINGTON (AP) — Vice President Hubert H. Humphrey expects Sen. Robert F. Kennedy to be a "great help to the Democratic party" in this year's election campaign.

Humphrey said he can't account for the public opinion polls which seem to indicate that the New York Democrat has greater political popularity at the moment than President Johnson.

But the vice president added: "I would expect that President Johnson will be the Democratic candidate in 1968 and I expect him to win the election. I hope to be the vice-presidential candidate."

Former Vice President Richard M. Nixon, a potential candidate for the 1968 Republican presidential nomination, attributed Kennedy's strong showing in the polls to "a combination of money, hard work, publicity and organization." He has suggested that Johnson might dump Humphrey and take Kennedy on the 1968 ticket.

Nixon and Humphrey, who will be among the most active

campaigners for their parties in this year's elections, answered questions about the issues put to them separately by The Associated Press.

Humphrey said the economic boom is likely to dull the impact of inflation on the voters. Nixon said the high cost of living could be a more important issue than the Viet Nam war.

While the vice president discounted the political effect of the Asian conflict on the voters, Nixon said Republicans would benefit from "the deep division within the Democratic party over the war effort."

Rioting in some cities may develop a backlash against local officials (mostly Democratic)

but not against national candidates, Humphrey said. Nixon generally agreed.

The former vice president pointed to high federal spending as an issue. Humphrey said the benefits of Great Society programs would overbalance it.

Although Kennedy has invitations to campaign for Democratic candidates in 18 or more states, his schedule is likely to be dwarfed by Humphrey. Aides said the vice president has ahead of him about 80 appearances in more than 35 states with "hundreds" of invitations he can't fill.

Starting with a September swing through California, Oregon and Washington, Humphrey will concentrate primarily on the agricultural Midwest.

## British Lose Taste for Chips

LONDON (AP) — It's almost unbelievable, but the British are losing their taste for fish 'n' chips.

A survey of eating habits in 246 factory canteens exploded the long-held theory that "white Britons like best is a nice piece of flounder fried in batter with a heap of french fried potatoes."

The 70,000 canteen users whose preferences were under study relegated fish 'n' chips to 18th place in order of popularity.

## Youthful Group Names Officials

MORRILTON, Ark. (AP) — Charles Climer of North Little Rock was elected president of the Youthful Arkansians of Arkansas Saturday as some 1,200 teenagers gathered for the YAR state convention.

They met at Winrock Farms on Petit Jean Mountain, home of the Republican candidate for governor, Winthrop Rockefeller. Rockefeller told the youths that they were showing the people of Arkansas that young people are interested in the state's future.

It is exciting, Rockefeller said, to see a group of young persons who shared his interest in the future of Arkansas. He told them he thought 1966 was "our year."

Other new YAR officers include Vicki Murray of Texarkana, vice president, and Mally Shell of Arkadelphia, secretary.

Young lions in zoos satisfy their deep-seated hunting instincts by attacking the nearest moving object, usually their mother's tail.

## Davis' Hits Could Carry the Dodgers

By MURRAY CHASS  
Associated Press Sports Writer

Willie Davis' current hitting spurge may not win the National League batting crown for him, but it could help win the National League pennant for the Los Angeles Dodgers.

Davis, who had spring thoughts of winning the batting title, lashed four hits for the second consecutive day as the Dodgers defeated San Francisco 5-2 Sunday and moved to within one game of the league lead.

The loss dropped the Giants into a tie for first with the Pittsburgh Pirates, who defeated St. Louis 5-1 after losing the opener of the doubleheader 3-2.

Davis' homer and three singles extended his streak to eight straight hits before he grounded out in the ninth inning. Since Aug. 6, when he was hitting .258, the 26-year-old lefty has collected 36 hits in 96 at-bats for a lusty .375 mark.

Over-all he's now hitting .289. Elsewhere in the National League Cincinnati stopped Philadelphia 5-2, Atlanta defeated New York 6-4 and Houston edged Chicago 4-3.

In the American League Boston beat Baltimore 3-2, New York trounced Detroit 6-1, Washington trimmed Cleveland 3-2, Kansas City nipped California 2-1 and Chicago took a marathon doubleheader from Minnesota, 4-3 in 15 innings and 7-6 in 11.

Davis' first-inning homer started 20-game winner Gaylord Perry on the way to his fourth defeat. Jim Lefebvre's fourth-inning homer broke a 1-1 tie, and Davis singled in the seventh before Ron Fairly homered. Don Sutton allowed the Giants only five hits, none between the second and eighth innings.

Roberto Clemente doubled home two runs and scored another on Donn Clendenon's double as the Pirates erupted for four runs in the sixth inning of the nightcap. Bill Mazeroski added a homer in the ninth.

The Cardinals jumped in front in the first inning of the first game as Ted Savage tripled in one run and scored another. Savage got the triple when center fielder Matty Alou misjudged his line drive.

Jim Maloney and Don Nottbart combined for a five-hitter against Philadelphia. Cincinnati battered Larry Jackson for three runs in the first inning and went on to their fifth straight victory. Vada Pinson homered for the Reds in the third.

Homers by Ed Mathews and Rico Carty powered Atlanta past New York. Met errors by Ed Kranepool and Ken Boyer accounted for three more Braves' runs.

John Bateman's single triggered a two-run, fourth-inning rally that sent Houston to its fifth straight triumph. Bateman scored on Randy Hundley's passed ball, and Joe Morgan singled home the second run.

## Buckpasser Going After 10th Straight

By TED MEIER  
Associated Press Sports Writer

Buckpasser, described by trainer Eddie Nelay as a horse who "likes to win," goes after his 10th straight this week in the \$250,000 New Hampshire Sweepstakes Classic at Rockingham Park.

Proclaimed as one of the best thoroughbreds in turf history after his record-shattering feats as a 3-year-old this season, the famed son of Tom Fool also can pass Citation on the equine millionaire list by winning the New Hampshire on Saturday.

Buckpasser, owned by Ogden Phipps, became the first 3-year-old ever to reach the \$1-million plateau when he won the Travers at Saratoga in his last outing. That gave him earnings of \$1,038,369 compared to Citation's \$1,085,766.

There are only four other equine millionaires. Kelso tops the list with \$1,977,896 followed by Round Table with \$1,749,869, Nashua with \$1,288,565 and Carry Back with \$1,241,165.

Buffie, Jolly Jet, Advocate, Exhibitionist and Sense of Rhythm are expected to be in the field against Buckpasser who last month set a world record of 1:32 3-5 for the mile.

Bold Bidder upset Tom Rolfe by 3 1/2 lengths in \$109,200 Washington Park Handicap at Arlington Park Handicap at Arlington race. Bold Bidder's time for the mile was 1:32 4-5, just one-fifth off Buckpasser's world record.

Another surprise was chalked up by Bold Hour who beat Great Power in the \$107,700 Hopeful Stakes that closed the Saratoga meeting.

Turn To Talent won the Pageant Handicap at Atlantic City. Naughty Jester took the Rainbow Handicap at Rockingham Park and Drin beat Fleet Host by a head in the Del Mar Derby in Saturday's other features.

## Whitaker Is Key Figure in Yank Win

By DICK COUCH  
Associated Press Sports Writer

Steve Whitaker is learning to live with himself but the Detroit Tigers still haven't found a way to live with Whitaker.

Whitaker, finishing his first week in the American League Sunday, slugged a grand-slam homer as the New York Yankees whipped Detroit 8-1, completing a three-game sweep and all but finishing the Tigers as pennant contenders.

The 22-year-old outfielder, brought up from the Yankees' Toledo farm club last Monday, clubbed Tiger pitching for seven hits — including a homer in each game — and drove in seven runs while boosting his seven-game batting mark to .391.

Not long ago, however, Whitaker was battling himself as well as opposing pitchers. "If I had a couple of bad days," he said, "I'd get all nervous and tensed up. I'm a streaky guy. I go good for a while, and then I go bad for a while."

"I've gotten over this problem, though. I don't let a bad day bother me."

Whitaker had enough good days — 30 home runs and a .300 batting average at Toledo and Columbus, Ga., this year — to merit promotion to New York. It appears he is there to stay.

While Whitaker's grand slam and rookie Fritz Peterson's six-hit pitching were taming the Tigers, the Boston Red Sox edged Baltimore 3-2, leaving the Orioles 12 1/2 games in front of runner-up Detroit.

Elsewhere, Kansas City nipped California 2-1; Washington shaded Cleveland 3-2 and Chicago swept a marathon doubleheader from Minnesota, 4-3 in 15 innings and 7-6 in 11.

Pittsburgh and St. Louis divided a National League twin bill the Pirates taking the nightcap 5-1 after bowing 3-2, while Los Angeles trimmed San Francisco 5-2, Atlanta beat New York 6-4, Houston topped Chicago 4-3 and Cincinnati downed Philadelphia 5-2.

Singles by Horace Clarke and Bobby Richardson and an intentional walk to Tom Tresh set the stage for Whitaker's fifth-inning slam into the right-field bleachers. In the sixth, Whitaker again came up with the bases loaded but Detroit reliever Orlando Pena balked a run across and the Yankee rookie then grounded out.

Joe Foy's run-scoring single in the seventh snapped a 2-2 tie and gave the Red Sox their second straight 3-2 decision over Baltimore. Carl Yastrzemski had pulled Boston even in the fifth with an RBI single, chasing Orioles starter Jim Palmer.

Jim Nash, the Athletics' sensational rookie, checked California on six hits for his ninth victory in 10 decisions. Sixth-inning singles by Phil Roof and Larry Stahl delivered Kansas City runs.

The Senators broke a 2-2 deadlock on Jim King's two-out single in the ninth inning and extended their winning string to five games. King's hit scored Willie Kirkland, who had walked and moved up on Bob Saverines' infield single.

Tommie Agee's run-scoring single in the 15th pushed Chicago past the Twins in the opener, ending a four-game losing string for the White Sox, and Jerry Adair won the second game with a lead-off homer in the 11th. Ha mon Killebrew homered in each game for the Twins, raising his season total to 30.

NLR Tops the First State Grid Poll

By THE ASSOCIATED PRESS

North Little Rock, last year's poll champion, was a near unanimous selection today as the top team in the Associated Press Arkansas high school football pre-season poll.

The Wildcats, unbeaten but twice tied a year ago, received 10 first place votes and one second place vote from the panel of 11 sports writers and sportscasters voting.

North Little Rock received 109 points in the voting, tabulated on a 10 points for first, 9 for second, etc., basis.

Crossett was a solid choice as the No. 1 team in the Class AA rankings, Fort Smith St. Anne's took the top place in the Class A poll while Parkin nudged Holly Grove for first place in the Class B ratings.

Fort Smith Northside polled the other first place vote in the top ten and nailed down second place for 88 points. Little Rock Hall was third with 81 points followed by Fort Smith Southside with 69 and Little Rock Central with 57.

Well, he lifted enough of the right ones for a 69-69-71-278, and a one-stroke victory over Jack Nicklaus, despite two almost unbelievable eagles on the final round Sunday by the Masters and British Open champion.

"I felt all day I could win," January said, "I knew if I lost I would have to give it away."

Explaining how an exhausted golfer could shoot 10 under par for 72 holes over a tight course that requires finesse, January replied:

"I believe I swing better when I'm tired."

The 36-year-old January, in his 11th year as a touring professional, collected his first winning check since the 1963 Tucson Open.

January was tied with Arnold Palmer for the lead after 54 holes, each with 207, Nicklaus was five strokes back as they teed off for the final 18.

After nine holes of the final round, Nicklaus had charged into the lead by a stroke.

The Columbus belter finished with a 87 for 279 and second place. Palmer, shooting a final-round 74, shared third place with Bob Goaly and Gene Littler at 281. U.S. Open Champion Billy Casper had a 285 and PGA king Al Geiberger a 290.

Way Cleared for Miller to Be Paid

CHICAGO (AP) — The major leagues apparently have cleared the way for the controversial matter of paying the annual \$50,000 salary of Marvin Miller, new executive director of the Major League Players Association.

But the 48-year-old former steel union official said he was disappointed in the club owners' rejection of three proposals by the players association for financing their affairs.

The owners voted Thursday to relieve the players of a \$2-per-day contribution to the pension fund, now totaling \$33 million, with the thought that this money could be diverted to paying Miller.

They also voted to increase the players' pension fund share by 55 per cent, or \$4 million annually, from television receipts from the World Series and All-Star games in 1967 and 1968.

Miller and commission William Eckert apparently disagreed over dropping the \$2-per-day item.

"Three proposals offered by the players association were rejected and I am disappointed," said Miller. "My meeting with the player relation committee headed by president Joe Cronin and Warren Giles of the American and National leagues was not a hostile one. I asked for basic thinking in their objection to my points. My next step will be to report back to the player representatives."

## January Is Tired But Happy Winner

By RALPH BERNSTEIN  
Associated Press Sports Writer

WHITEMARSH, Pa. (AP) — Don January persisted to the bitter end. Even with \$21,000 in his sweaty paw for winning the \$110,000 Philadelphia Golf Classic all he could say was:

"I'm tired, very tired."

This was where everybody came in.

From the minute he arrived at the Whitemarsh Valley Country Club last Wednesday, the somber Texan pleaded exhaustion. He didn't know where he was going to find the strength to lift a club.

Well, he lifted enough of the right ones for a 69-69-71-278, and a one-stroke victory over Jack Nicklaus, despite two almost unbelievable eagles on the final round Sunday by the Masters and British Open champion.

"I felt all day I could win," January said, "I knew if I lost I would have to give it away."

Explaining how an exhausted golfer could shoot 10 under par for 72 holes over a tight course that requires finesse, January replied:

"I believe I swing better when I'm tired."

The 36-year-old January, in his 11th year as a touring professional, collected his first winning check since the 1963 Tucson Open.

January was tied with Arnold Palmer for the lead after 54 holes, each with 207, Nicklaus was five strokes back as they teed off for the final 18.

After nine holes of the final round, Nicklaus had charged into the lead by a stroke.

The Columbus belter finished with a 87 for 279 and second place. Palmer, shooting a final-round 74, shared third place with Bob Goaly and Gene Littler at 281. U.S. Open Champion Billy Casper had a 285 and PGA king Al Geiberger a 290.

Way Cleared for Miller to Be Paid

CHICAGO (AP) — The major leagues apparently have cleared the way for the controversial matter of paying the annual \$50,000 salary of Marvin Miller, new executive director of the Major League Players Association.

But the 48-year-old former steel union official said he was disappointed in the club owners' rejection of three proposals by the players association for financing their affairs.

The owners voted Thursday to relieve the players of a \$2-per-day contribution to the pension fund, now totaling \$33 million, with the thought that this money could be diverted to paying Miller.

They also voted to increase the players' pension fund share by 55 per cent, or \$4 million annually, from television receipts from the World Series and All-Star games in 1967 and 1968.

Miller and commission William Eckert apparently disagreed over dropping the \$2-per-day item.

"Three proposals offered by the players association were rejected and I am disappointed," said Miller. "My meeting with the player relation committee headed by president Joe Cronin and Warren Giles of the American and National leagues was not a hostile one. I asked for basic thinking in their objection to my points. My next step will be to report back to the player representatives."

# Many Interesting Facts Are Revealed When Writer Opens His Mail

By HAL BOYCE  
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Snails are becoming more popular as house pets. . . although they have up to 80,000 teeth, they rarely bite. They require little space, you don't have to take them for a walk every evening, and they never wake neighbors by barking.

You can fly to place your bet on the daily double at the Washington Park track in Chester, Va. It has a landing strip for small planes in its infield.

The future will be even more muddled. It's estimated that by the year 2,000 some 240 million Americans will live in 8.7 per cent of the nation's land space, only a scattered 60 million on the remaining 91.3 per cent.

Here's a sure way to make your wife angry: "When summoning her to the phone, tell her: 'Dear, somebody wants to listen to you.'"

Quotable notables: "I find it

hard to believe that the world will follow our moral leadership if our principles go higher and higher the farther they are from home" — Walter Lippmann.

About 60 per cent of American families now own their own homes — or will, when the mortgage is paid.

"Moonlighting," the custom of holding more than one job, is on the increase. The average moonlighter — there are four million — is a married man between the ages of 25 and 44, and he puts in 13 hours a week at his second job.

America leads the world in vending machines. It now has 12 million of these mechanical salesmen. Don't you think it's about time they invented one with a little built-in courtesy, so that when you inserted a coin in its slot it would rasp out a guttural "thank you"?

A grade school student gave these answers during a music exam: "A virtuoso is a musician with real high morals. And I know what a sextet is but I had rather not say."

History lesson: Who was America's most boisterous president? Andrew Jackson is said to have engaged in a hundred brawls and duels. He killed a pistol expert in one duel and carried a bullet in his own body for 20 years after another gun battle.

"Early to bed, early to rise — until you make enough money to live otherwise."

It was Will Rogers who observed, "I never expected to see the day when girls would get sunburned in the places they now do."

**Moscow Stores Closing Sundays**

MOSCOW (AP) — Moscow stores, including the giant GUM on Red Square, will close Sundays starting Sept. 4. This means a radical change in Soviet shopping habits.

The paper Moscow Truth said: "Instead of spending their days off walking through shops, thousands of Muscovites will be able to take trips to the country."

It did not add that Sunday closings would mean peasant families in the country and workers in cities within rail reach of Moscow would no longer be able to come to the capital to buy things unavailable locally.

**DeGaulle Is Covered With Tight Security**

DJIBOUTI, French Somaliland (AP) — Security was tightened today in restive French Somaliland to prevent recurrence of last week's bloody independence riots when President Charles de Gaulle returns tonight en route to Cambodia.

Pierre Billotte, French secretary of state for overseas territories, broadcast an appeal for calm and reconciliation among dissident elements in France's last remaining African territory.

Billotte also conferred with Ahmed Idress Moussa, leader of the Parti du Mouvement Populaire which sparked many of the independence demonstrations. They resulted in 4 dead and 70 injured.

Billotte, left behind to investigate the riots, accused the neighboring Somali Republic of exploiting unrest in the colony.

He said he believed local malcontents chose De Gaulle's visit to publicize dissatisfaction with "the manner in which they were

governed locally."

De Gaulle has stood fast against the independence demands. After the riots, he declared change could come only under democratic conditions and not through violence.

De Gaulle recalled that in 1958 the territory chose to remain a French possession. He said his government would abide by that decision.

De Gaulle conferred in Addis Ababa today with Emperor Haile Selassie on the future of French Somaliland in which Ethiopia has a vital interest. The French president indicated earlier in his visit to Addis Ababa that Ethiopian interests in the colony would be protected.

De Gaulle and the emperor Sunday visited the terminus of the 500-mile railroad which links Addis Ababa and Djibouti. France helped construct the line, Ethiopia's first modern link with the outside world and its principal outlet to the Red Sea.

What is going on in the realm of labor relations is evidence of the turbulence of the times. With none of the big industries, facing new wage agreements, this was expected to be a quiet and relatively peaceful year on the collective bargaining front. It has been anything but that. Even before the airline strike, disturbances had occurred in numerous smaller industries and businesses, all setting a pattern of demands that threaten to wreck what is left of the White House guidelines.

A Wall Street Journal survey points up the proportions of the turmoil. The workers involved, according to this account, range from "hospital employees trash collectors, firemen and social workers to construction craftsmen, farm hands and motel employees." In May, last month for which figures are available, time lost because of strike and time lost because of strikes this year "jumped," according to this account, "to 2,870,000 man days . . ."

And more trouble is in the offing, including a major dispute between eight unions which are insisting on coordinated bargaining sessions. This move, which would establish a new practice, raises the possibility of what both General Electric and Westinghouse warn may be "the first national strike in the electrical industry's history."

This year, according to a Department of Labor compilation, expiring contract covering 5,000 or more workers involve fewer than a million workers altogether. But next year, with negotiations coming up in the automobile, trucking, rubber and clothing industries, more than two million workers will be represented.

Viewed from any angle, both the present experience and the prospect are disturbing. The situation demonstrates, if anything more were needed to complete the case, the impracticability of the White House guidelines as a regulator of employer-employee relations and the gulf that still separates Organized Labor and the Business Community. — Wheeling (W. Va.)

## Hem-Hawing

A man can come up with titillating arguments, pro and con, on the length of skirt a damsel wears. But, alas, most men will agree that today the average female knee not only has lost all its charm and novelty, but even is unsightly in many cases.

And that's why cosmetic companies are coming to the aid of the unsightly knee with the aid of such things as foundation creams, tinted powders to camouflage knee bumps and calluses, beauty spots and even drawings of eyes and things on the knee cap.

Such devices may help relieve the tendium of seeing knees brandished all over the place. But if it takes all that to make the ladies' knees less than unattractive, perhaps the humane thing would be for the fashion experts to quietly lower the hemline again. — Tulsa (Okla.) Tribune.

## Artificial Heart Pump Is Working

HOUSTON, Tex. (AP) — Regaining strength each day, a woman whose heart was helped by several days with an artificial pump, spent another day out of bed visiting with relatives Sunday.

Esperanza del Valle Vasquez, 37, Mexico City beauty parlor operator, who underwent surgery for the temporary heart help Aug. 8, has been able to take short unassisted strolls for several days at Methodist Hospital.

Hospital advisories said she continues to recuperate without complications.

The artificial pump, called a left ventricular bypass, was removed after 10 days when physicians determined her natural heart had healed and no longer needed the assistance of the pump.

## Will Do Best Possible With Medicare

C. L. Cross, administrator of Hempstead Memorial Hospital, issued the following statement on Medicare:

Hospitals and doctors, in relation to Medicare, are in much the same position of the bird hunter who is suddenly called upon to stalk an angry lion — it is a case of "Who Me?" Uncle Sam dreamed up this Medicare business, but it is the hospital doctors who must deliver.

"You do it," Washington says blithely, and we will pay you for most of your services, in certain limits of course. So that you do a good job." Conscription usually is confined to dire emergency or military necessity. Whether or not the plight of our older folks constituted an emergency is no longer pertinent. We have been tagged to do a job, and if we do not do it, well, who do you think will suffer the consequences? Certainly not Washington.

We have always served wherever there is need, with minimum regard for political, social or economic consideration. This selfless view undoubtedly will continue to prevail now that the Senior Citizens have Uncle Sam's purse to support their health care demands.

In many cases, however, medical need is not the point in issue. Older people may think they need hospital care when they do not; they are confused about what Medicare entitles them to; they have little understanding of rules and regulations promulgated in Washington; they do not differentiate between hospital and medical services, and so on, and on.

These are largely matters of public relations. They involve communication, often extremely difficult communication. They demand that hospital and medical people become versed in the details of a law so complicated that it is baffling the experts. This is a new means to pay for part of medical care and it calls for the utmost in forbearance, courtesy, helpfulness and sympathy from all concerned.

With the full cooperation of you, The Public, we hope to make this program work, in spite of all the difficulties. At the present time the paper work load exceeds the patient load. We do not have all of the answers and I think we may not have all the problems worked out in the next three to five years.

A word of advice to our older citizens, there are all kinds of insurance companies trying to un-

## More Money for Youth Corps

LITTLE ROCK (AP) — Rep. Wilbur Mills, D-Ark., announced Thursday government approval of two Neighborhood Youth Corps programs in the Pulaski County area.

One, for \$216,590, would provide a 12-month program for 100 high school dropouts in Pulaski County.

The other, for \$204,770, would provide employment by the Little Rock, North Little Rock and Pulaski County school districts of 130 students during the school year and 215 next summer.

derwrite Medicare. Please check with the proper authorities regarding the responsibility of the company offering coverage before buying it.

We are attempting to keep up with all of the information, instructions and changes that come to us regarding this new law on health care for the aged. The sad part of it is that nowhere do they mention "Better patient care." It has always been and will continue to be the policy of the entire staff of Hempstead County Memorial Hospital to offer to our people the best patient care, and we again solicit your cooperation in helping us achieve this goal.

C. L. Cross  
Administrator  
Hempstead County Memorial Hospital

## Traffic at School Is Big Problem

All parents are asked to cooperate with School Authorities in trying to work out traffic problems around the schools and in the community.

The following suggestions are offered and we hope that parents will cooperate to the fullest.

1. Do not allow student to bring a car to school if you live within a reasonable distance from school.

2. Those students who drive cars to school, we ask that parents and students cooperate in leaving cars parked on grounds until end of school day (unless emergency arise).

3. Any traffic violation by a student such as hazardous driving will forfeit their right to bring a car to school indefinitely.

4. Parents and students are asked not to drive or park in bus loading zones from 3 p.m. to 3:20 p.m. This applies to all schools.

We know that parents are interested in the safety of their children — if the above suggestions are followed we will eliminate a lot of chances of serious accidents. Remember "an ounce of prevention is worth a pound of cure," we ask your wholehearted cooperation, school officials said.

## Guernsey Grade School Still Open

All elementary children who went to Guernsey Elementary School last year and any other children who are interested in going to Guernsey School for this year will catch bus at Paisley School about 7:20, Thursday a.m., September 1.

Groundbreaking ceremonies were held last week for a new Soybean plant; left to right in photo: Weaver Quillin, on tractor; Cecil Bittle, W. H. Gunter, John Turner, Mayor Jack Gardner, Al Graves, Clyde Monts, C of C President W. L. Tate; Dorsey Stringfellow; E. J. Biagiolo, KCS railway representative, L. Carter Johnson and Cecil Surratt, Cotton Belt railway representative.

Work started Friday, September 26 on a new receiving, storage and drying facility for soy beans and other grains grown in this area. The owner and operator of the new facility will be Clyde A. Monts, Jr., owner of Mont's Seed Store on East Second Street. The plant will be located on a Kansas City Southern Spur Track near the old Basket Factory, between South Hervey and South Grady Streets.

Completion date is set for October 10, the initial storage capacity of the plant will be 55,000 bushels, however a total of 1,500,000 bushels can be handled during the three month fall buying season. Cost of the equipment and buildings for the first year's operation will be approximately \$100,000 and Mr. Monts has stated that he plans to add additional storage facilities costing \$50,000 or more by next season.

The dryer, according to Mr. Monts, will be one of the largest and most modern in the southwest, with a capacity of one-half million pounds of grain per day. "This to me, is a most important facility for our area," said Mr. Monts, "and we predict that it will encourage increased production, not only soy beans, but also grain sorghum that is so vitally needed for poultry feed in this area."

"The Chamber of Commerce, The Hempstead County Industrial Foundation, The Kansas City Southern Railroad and the Farmers of the area have been most helpful and encouraging in getting this project underway," said Mr. Monts, "and we are planning to conduct some additional meeting very soon for farmers and business men in the area to bring them up to date on the advantages of having a facility of this type located in Hope."

## Robbins Coming to State Show

LITTLE ROCK (AP) — Marty Robbins, a recording star who has been a Grand Ole Opry regular since 1953, will be the featured performer at the Grandstand Show of the Arkansas Livestock Exposition here Oct. 4-8.

Among Robbins' best selling records were "Don't Worry," "El Paso," "Singing the Blues," "White Sport Coat," and "Devil Woman."

## Man Drowned at Ft. Smith

FORT SMITH, Ark. (AP) — J. D. Owens, 48, of Midland, has drowned in the Sugarloaf Lake about 20 miles south of here, Coroner Ray Vines said Sunday.

## 3 Persons Killed in Accidents

By THE ASSOCIATED PRESS  
A two-year-old girl was among three persons killed in Arkansas traffic accidents during the weekend.

Tammy Lynn Dean, daughter of Mr. and Mrs. Gary Dean of Fisher, was killed Saturday when she was struck by a pickup truck.

State Trooper Bill Young said the girl was hit by a truck driven by her uncle, Jerry Daniel Earls, also of Fisher.

Haskell Honeycutt, 41, of West Memphis was killed Saturday night in a car-truck collision in Marked Tree.

Marked Tree police said the victim was riding in a truck driven by James Merrell, 48, of West Memphis. Officers said Honeycutt was thrown through the windshield when the truck collided with a car driven by Johnny Sadler, 25, of Tyroneza.

Florence Watkins Wade, 39, of Texarkana was killed late Friday when her car was struck by a Missouri Pacific train near the Texarkana city limits, police said.

The Associated Press count of weekend fatalities covered the

## Those Seeding Faith Gone at Wrong Time

By BEN FUNK  
MIAMI, Fla. (AP) — Hurricane Faith, thrashing slowly northward in the Atlantic, brushed the Bahama Islands with fringe winds today and floundered into an area chosen for a storm-laming effort by seeding planes.

But, when the 120-mile winds entered the region where she could be safely bombarded with silver iodide crystals, the forces which had been poised for the attack had partly disbanded.

Dr. Cecil Gentry, alternate director of the U.S. government's Project Stormfury, said there was some doubt that the mission could now be carried out.

For several days, scientists had stood by in Florida and Puerto Rico, ready with a fleet of planes for the first sustained try at breaking up the destructive power of a hurricane.

But, after Faith had skirted the chosen area for several days, some of the key men in the project returned to their

If Faith continues her slow movement, however, Gentry said the possibility remained that the effort could still be made.

## Whites Shout Brutality to Chicago Cops

By WILLIAM J. CONWAY  
CHICAGO (AP) — Two policemen seized a bare-chested heckler in the all-white Chicago Lawn community, rushed him to a patrol wagon and boosted him inside. The white crowd shouted: "Brutality."

Twenty-four days earlier police shut off a gushing fire hydrant in a West Side Negro neighborhood and arrested eight persons, an incident that kindled three nights of rioting. The Negro crowd shouted: "Brutality."

Lt. John Harris, commander of the Excessive Force Unit of the Police Department's Internal Investigations Division, has 14 sergeants—8 Negro and 6 white — who check into reports of brutality.

Supt. O.W. Wilson set up the unit May 10, 1965, for that specific purpose.

In the first year, Harris said in an interview, the agency received 687 complaints. The allegations, he said, were sustained in 29 of them and all the officers were penalized.

Penalties vary according to the nature of the offense. They range from working on a day off to a 30-day suspension to dismissal. If a violation of a law is involved, the case goes to the state's attorney.

This summer — from June 12 to Aug. 25 — the unit received 192 cases, including about 35 from the areas of the West Side riots and the scattered civil rights demonstrations.

Harris said inquiries have been finished in 49 of them, with this score:

In 39, "a thorough investigation reveals no substance to allegations."

In 10, the charges were "not sustained."

That clause, Harris explained, means "there wasn't enough evidence to prove or disprove the allegations."

"That doesn't mean it didn't happen," he added.

In some instances, he went on, witnesses wouldn't cooperate or the complainants cooled off.

Investigation hasn't been completed in the other 143 cases.

## Smith Candidate for Speaker

By THE ASSOCIATED PRESS  
HOT SPRINGS, Ark. (AP) — State Rep. Ray S. Smith Jr. of Garland County said Saturday he will be a candidate for Speaker of the House in the 1967 General Assembly.

He had announced previously that he was considering the race.

Others seeking the speakership are Reps. Sterling Cockrill Jr. of Pulaski County and C. B. Nance Jr. of Crittenden County.

## Petitions for Vote Machines

EL DORADO, Ark. (AP) — Charles Lehigh, a Republican candidate for mayor here, says he has mailed petitions to get voting machines for counties with more than 8,000 population to 45 counties.

Lehigh, an attorney, said he mailed the petitions to the League of Women Voters and the Arkansas Federation of Republican Women.

Recent legislation allows counties to vote individually on whether they want voting machines.

## Truman in Warning of Interest Rates

WASHINGTON (AP) — Former President Harry S. Truman has warned that spiraling interest rates could result in a serious depression.

With a rare public statement issued from his Independence, Mo., home, Truman joined many members of Congress in expressing concern at the upward movement in the cost of borrowing.

The Federal Reserve Board last December increased the discount rate it charges member banks and revised reserve requirements in moves to curtail lending. Since then, the prime interest rate charged by commercial banks has risen from 4.5 per cent to 6 per cent.

"We are told," Truman said, "that this (Federal Reserve Board) action was necessary to forestall inflation." But he added, "What is more likely to happen is that we will bring on a precipitous deflation if we persist in high interest rates. The result could be a serious depression."

The former president said higher interest rates are an added burden on all governments — federal, state and local — and that "added interest costs end up as a further tax on the consumer."

"We know from long experience that a drastic rise in interest rates works a hardship on the consuming public," he said. "It only benefits the privileged few."

Truman said he rarely comments "on matters which I am confident are receiving the concern and attention of the administration."

"But I thought this was a matter which had reached the point where it became necessary for me to speak," he added. "There is yet time to remedy the situation."

Federal Reserve Board chairman William McChesney Martin Jr. could not be reached for comment. A board spokesman noted, however, that Martin has said the problem is that borrowing has outstripped savings and that spending has outstripped the ability of the economy to produce goods and services.

## China Reds Protest Soviet Group

By JOHN RODERICK  
TOKYO (AP) — Thousands of young Red Guards demonstrated in front of the Soviet Embassy in Peking today but heeded official warnings against violence.

Japanese newsmen reported from the Chinese capital that tens of thousands of young Chinese marched on the embassy shouting "antirevisionist" slogans, Chinese leaders accuse the Russians of revising Communist ideology.

However, the demonstrators — in contrast to the rowdiness of recent days — were orderly. The official Peking People's Daily said the Red Guards and other demonstrators have heeded official calls to maintain discipline.

Red Guards planned two days of demonstrations in front of the embassy as the current purge swept across China and into Lhasa, the ancient capital of Tibet.

Large portraits of Marx, Lenin, Stalin and Mao Tse-tung faced the Soviet Embassy building as the Red Guards prepared to rename the street leading to the embassy. Known as the Street of the Prince's Well, it is being renamed Prevent Revisionism Street.

The Booster Club will meet tonight at 7:30 in the Junior High School library. . . All members and parents of football players are urged to attend as new officers will be named tonight.

## Planes Catch and Destroy Enemy Boats

By ROBERT TUCKMAN  
SAIGON, South Viet Nam (AP) — U.S. planes caught four North Vietnamese torpedo boats in the Gulf of Tonkin today, sank two and damaged the other two, a spokesman said.

In South Viet Nam, the Viet Cong made two unsuccessful attempts to block the chief shipping channel between Saigon and the sea.

One explosion near a U.S. Navy minesweeper caused no casualties and only minor damage to the ship. Sunday a Communist mine sank a small South Vietnamese minesweeper in the Long Tao Channel but the ship went down near the river bank, leaving the waterway open to traffic.

Last Tuesday a Communist mine sank the American cargo ship Baton Rouge Victory in the same channel with a loss of seven lives.

U.S. and other allied ground forces engaged in only minor skirmishes with the enemy after a weekend of light fighting, but the South Vietnamese reported killing 73 Viet Cong in two engagements.

A company of about 150 South Vietnamese militiamen took moderate losses in an ambush near the Cambodian border northeast of Saigon and claimed 14 Communists were killed.

In the air-sea battle in the Gulf of Tonkin, three of the Communist torpedo boats were spotted early today 70 miles southeast of Haiphong by fighter-bombers from the carrier Constellation.

The Navy pilots reported they were fired on while making identification passes. After three attacks, they reported sinking one PT boat and damaging the other two.

A few hours later, two Navy planes reported a torpedo boat fired on them from an area of coastal islands northeast of Haiphong. The Navy A4 Skyhawks attacked with rockets and cannon and reported the North Vietnamese boat sank in flames.

In the river attack near Saigon, a Viet Cong mine exploded 15 feet from the U.S. minesweeper, a 57-foot craft with a crew of six. The crew reported receiving small-arms and automatic-weapons fire from the shore but suffered no casualties.

B52 bombers from Guam returned to a favorite target today making two raids on the Viet Cong stronghold near the Cambodian border in Tay Ninh Province. One wave of the big bombers struck at a Viet Cong area and another at a suspected supply depot, 55 and 65 miles northwest of Saigon.
